

The Greenbelt

Volume 144

July 2010

TENNIS COURT UPDATE

Construction has begun on the Tennis Court Renovation Project. The Don Chapin company has brought their tractors in and have removed the old tennis court surface. In doing so, it was discovered that the soil beneath the base rock was very saturated from this winter's rainfall.

At this point, the work has been put on delay in order to allow the soil to dry out. This could take up to a month. While we are waiting for the soil to dry out, Don Chapin will provide the Board with a few options to resolve future soil saturation once the new court surface has been installed.

For those homeowners with driveways off of private drives on Arrowleaf, Clover and Sandbur, work will continue with the re-paving of those private drives. Completion of the private drive projects should be within the next few weeks. If there are any questions, please contact Al Brekke at 633-2983.

POOL FACILITY REMINDERS

The swimming pool is being enjoyed by many homeowners this season. With many people using the facility, please keep the following in mind as a courtesy to others:

- The life rings are there for everyone's safety: Please do not allow your children or others to play with them or remove the rope and use the rings as flotation devices. In the event they are needed to save a life they need to be available and functional.
- The gates automatically lock at closing time (time is posted on all gates). Do not prop any of the gates open to continue using the swimming pool after the posted closing time. If the gate happens to lock while you are in the pool, you will be locked in.
- Do not let anyone you don't know into the pool facility that does not have a card with them or you will be responsible for their actions. Although it may seem like a nice thing to do, if that person you let in causes damage by their actions, you will be held liable.
