North Monterey County News

- The roadwork continues on Highway 101 to make the Prunedale Corridor safer for all of us! Recently opened, the new Prunedale South Road Overcrossing at Hwy 101 is the first major section of the US 101/Prunedale Improvement Project to open to the public. The new overcrossing allows northbound Highway 101 traffic to cross over to Blackie Road and the west side of Highway 101 without having to make a left turn across southbound Highway 101 traffic, and vice-versa. Eliminating left turns across the highway will reduce the number of accidents and delays on US 101, providing much needed congestion relief for approximately 100,000 drivers every day.

The community is cordially invited to...
